

## Membrane Modules

MMF  
MaxFlow  
Membran  
Filtration  
GmbH  
manufactures  
membrane  
filtration

modules for  
water and  
wastewater  
treatment,  
and  
solid/liquid  
separation  
processes.  
We offer our  
customers a  
complete  
service  
spectrum  
ranging from  
the supply of  
individual  
membrane  
modules  
only, to the  
design and  
delivery of  
complete  
operating  
plant  
components.
